

Custom Industrial Precision (CIP) designs and fabricates custom conveyor systems, sanitary stainless equipment, and plant automation for food & beverage manufacturers, industrial facilities, OEMs, and government contractors. Every system is engineered to spec, built in our Garden Ridge, TX shop, and delivered turnkey, from initial drawing through onsite installation and commissioning.

CORE COMPETENCIES

- ✓ **Custom Conveyors** – sanitary, incline, radius, scale & packaging systems
- ✓ **Sanitary / Food-Grade Fabrication** – USDA/FDA wash-down environments
- ✓ **Automation & Controls** – PLCs, HMIs, scale & labeling integration
- ✓ **Design & Engineering** – 2D/3D drawings from concept or existing layout
- ✓ **Contract Manufacturing** – made-to-print fabrication & production runs
- ✓ **Welded Assemblies** – brackets, frames, guards & structural components
- ✓ **Plant Equipment** – workstations, dumpers, mobile carts & scale systems
- ✓ **Service & Installation** – repairs, retrofits, millwright & field service

DIFFERENTIATORS

- 25+ years of combined fabrication experience across our engineering, shop, and field teams.
- One point of contact from the first drawing through final commissioning, no subcontracted handoffs on core scope.
- In-house design, fabrication, controls, and installation under one roof in Garden Ridge, TX.
- Deep food & beverage manufacturing experience alongside broader industrial and government work.

PAST PERFORMANCE

TURNKEY PROJECT

Scale Conveyor System – Meat Processing Plant, San Antonio, TX

Design and 3D engineering, custom stainless conveyor fabrication, scale integration, HMI and controls, delivery, and onsite installation and commissioning.

TURNKEY PROJECT

Conveyor Build & Modification – Bottling & Beverage Manufacturer, San Antonio, TX

New custom conveyors engineered to fit the facility layout, plus modifications to existing lines to improve throughput and reduce product loss.

FABRICATION & INSTALLATION

Load Cell Fabrication & Installation, San Antonio, TX

Custom-fabricated mounting hardware, shop-built in Garden Ridge, with a field team completing on-site installation and welding.
